OUTSIDE THE CLASSROOM

There is always something to do and somewhere to explore in New York City. That's why Manhattan Language offers a wide variety of teacher-led social activities every week.

Activities include trips to museums, parks, shows, clubs, street festivals, sports games and cultural events. Students can experience New York City and make friends from other countries.

We also offer bonus classes every week at our school. Each week is another chance to use your English and study something different. Learn about drawing, yoga, resume writing, the history of hip-hop, New York City fashion and more.

REAL COMMUNICATION

Manhattan Language uses the Communicative Approach in all of its language courses. Students speak only English from the first day. Our classes are lively and focus on real communication. This makes learning English an interactive, rewarding and enjoyable experience.

Small classes mean more personal attention for each student. Students improve quickly with many opportunities to communicate with classmates and instructors.

PROFESSIONAL TEACHERS

Manhattan Language courses are taught by carefully selected, university-trained, certified language instructors. They are always native speakers of English.
